

Help Penobscot Marine Museum Design a T-Shirt!

In 2017, Penobscot Marine Museum will explore Maine fisheries in our new exhibit *The Net Result: Our Evolving Fisheries*. To fit with this focus we are asking Maine students to help us design a fisheries related t-shirt. A panel of area artists and art enthusiasts will choose one student's fish design to be incorporated into a t-shirt that will be sold in our Museum Store. The student whose design is chosen will receive a life-time membership, as well as free museum admission for their class. Please have entries to PMM by April 1, 2017. Thank you for helping!
